

UW-Madison Archives Documenting COVID-19 Project Questionnaire

The University of Wisconsin-Madison Archives invites you to contribute your recollections of how you are experiencing the ongoing situation around COVID-19. We are collecting journal and diary entries, emails, photographs, videos, voice memos and audio recordings, digital art, and other digital evidence of how our campus community has been affected, such as being displaced from student housing, working from home, the shift to online learning, social distancing, and self-quarantine. We'd like to learn more about how you are navigating the pandemic and we appreciate you taking the time to answer this questionnaire.

Steps: 1. Complete questionnaire, 2. Save to a local drive or device, 3. Upload and submit as a PDF with other materials using the Project's Google Form.

Questions:

1. Tell us how you learned about the University's decisions around COVID-19? What was your reaction?

2. Where are you living during the COVID-19 pandemic of 2020?

3. What is daily life like for you?

4. How are work and classes going for you?

5. What role has technology played in your world during the pandemic (as a method of sharing information, as a method of communicating, or as a method of entertainment, etc.)?

6. What else would you like people to know?
